

Testing Map material - part 2.

First, take the test printed competition map and 5 different pens - write on the map.

1. Standard ballpoint pen
2. Permant marker
3. Fineliner marker (permanent)
4. Highlighter (water soluble)
5. Standard black pencil

Then attach the map text and print down on a sweatshirt.

Dress up an other shirt...

And a backpack with some weight. Go skiing for two hours...

And you can see the results:

Standard ballpoint pen	Fine, stays well, clær
Permant marker	Fine, stays well, clear
Fineliner marker	Stays but some loss of color
Highlighter	Messy, loss of color almost complete
Standard black pencil	Fine, stays well, clear
